IMPORTANT NOTICE TO OUR CUSTOMERS REGARDING CUSTOMER OWNED GAS LINES

If you are a natural gas customer of Clarke-Mobile Counties Gas District, please read the following notification.

Federal Regulation 49 CFR 192.16 requires that we notify you to exercise diligence regarding underground or buried gas piping. Buried pipe may be subject to leakage and/or corrosion (corrosion may occur on metallic pipe) and could potentially be subject to hazards if not maintained.

WHAT YOU NEED TO KNOW:

Remember that any and all gas pipe downstream of the gas meter (house side) belongs to you, the gas consumer. You are responsible for the maintenance and operation of this portion of the fuel line system. We do not own the gas lines beyond the gas meter; therefore, we do not routinely maintain or locate fuel lines. Commercial plumbers and/or heating contractors may be contacted if and when gas fuel lines need attention.

Buried gas piping should be:

- Periodically inspected for leaks
- Periodically inspected for corrosion if piping is metallic
- Repaired if any unsafe condition is discovered, and

When excavating near buried gas piping, the piping should be located in advance, and the excavation done by hand.

This is a NOTICE only. If you have questions or comments regarding this correspondence, please contact our business office at 251-246-2428.

Thank you for allowing us to serve you
